## What makes De Taalvraag special?

Many of our students take the Dutch 'Staatsexamen', an official exam at B1 or B2 level), 97% passed the exams after a positive advice. Nationwide it is around 70%. Students in (day course) can practise with a free language coach.

As an educational author, Marilene has also been writing instruction methods for teaching Dutch as a second language for 35 years. (With more than half a million books sold!)

## Method and support:

The student signs up for a course in this period and can then decide to continue or not.

All new students get a free intake with tests.

In the lessons we practise a lot of speaking. You get homework (10-20 hours a week) for reading, writing and vocabulary which will be discussed in the lesson. After each two chapters of the book there will be a test. At the end of the course there will be level tests and practice exams. At the beginning, halfway and at the end of the course there will be an individual conversation with the teacher about the course.
