What makes De Taalvraag special?

Many of our students take the Dutch 'Staatsexamen', an official exam at B1 or B2 level), **97%** passed the exams after a positive advice. Nationwide it was 51% in 2025. (Program 1) (source CVTE).

We teach Dutch lessons in small, homogeneous groups (maximum 6 students) . So you get a lot of personal attention.

You can reach a higher level quickly.

Method and support:

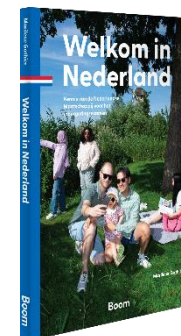

The student signs up for a course in this period and can then decide to continue or not. All new students get a free intake with tests. In the lessons we practise a lot of speaking. You get homework (10 hours a week) for reading, writing and vocabulary which will be discussed in the lesson. In and at the end of the course there will be tests and practice exams.

De Taalvraag

Students rated De Taalvraag in 2023 and 2024 with a 9.6 (out of 10) in the independent research of Blik op Werk. (stopped in 2025).

In the last 3 years, 30 students gave an average rating of 5 out of 5 on Google.

As an educational author, Marilene has also been writing instruction methods for teaching Dutch as a second language for 35 years. (With more than half a million books sold!)
